Subject: FW: Request regarding Dicamba review
Attachments: ASTA Dicamba Letter 8 10 20 LH.docx

Carrie and Derrick:

Hope you are doing well. I know you are swamped. Attached please find a letter from my boss, Andy LaVigne to Alex Dunn on dicamba. I know you all are hearing from the registrants, but it is our smaller members who have dicamba tolerant seed ready to market who are very worried and are already under quite a bit of financial stress.

Thanks,

Jane DeMarchi

Subject: Request regarding Dicamba review

Dear Ms. Dunn,

Attached, please find a letter from the American Seed Trade Association regarding the US EPA's current process for publishing new conditional registration decisions for the use of dicamba and it's use in several soybean seed platforms. Given the time of year and the fact that our members will be in the process of harvesting seed in the coming weeks, it is vitally important that EPA move forward with this process in an expeditious manner.

Thank you for your attention to this request and please let me know if you have any questions regarding our concerns or our request.

Best regards,

Andy
